Federation of American Societies
for Experimental Biology

Seventh International Conference on Retinoids

Conference Overview

The FASEB Retinoid Conference, established in 1982 and convened biennially, serves as a pivotal gathering for researchers in the fields of retinoids and carotenoids. This conference fosters the exchange of scientific knowledge pertaining to the biochemistry, physiology, and therapeutic applications of vitamin A and its derivatives among experts hailing from academic and clinical backgrounds.

The 2024 conference will emphasize recent advancements in analytical methodologies, animal models, and the therapeutic applications of retinoids, rexinoids, and carotenoids. The event aims to enhance understanding of the biological roles of vitamin A, factors affecting its metabolism and signaling, and to develop models predicting individual responses to these therapies for disease prevention and treatment. Topics covered include the biochemistry of carotenoids and retinoids and their applications in cancer, vision, embryonic development, cellular differentiation, immune function, and metabolism.

*InterContinental
St. Paul-Riverfront
Saint Paul, MN,
July 7-11, 2024*

Meeting Organization and Highlights

FASEB Welcome Reception

Keynote Presentations:

Dr. Catharine A. Ross, Dr. Robb Krumlauf, Dr. Christopher Newgard

Plenary Sessions:

- Determinants of Response to Vitamin A and Retinoid Interventions
- Retinoid Signaling in Metabolic Disorders and Cardiovascular Diseases
- The Role of Retinoid Signaling in Immune System Function
- Implications of Retinoid Signaling in Neurodevelopment and Neurological Diseases
- Retinoid Biochemistry in the Eye and Visual System
- Recent Progress in Retinoid-Based Cancer Therapies and Treatments for Proliferative Disorders
- Therapeutic Uses of Retinoids

Career Workshops

Industry Partners

Meet the Expert Opportunities

Specialized Focus Sessions

Website: [International Retinoids Conference VII](#)

Early registration ends May 26, 2024

- Regular Attendee: US\$1,099.00
- Student: US\$949.00

Hotel Rate: \$134/night (single/double) + taxes/fees (rate locked till June 16)

July 2024				
Sun	Mon	Tue	Wed	Thu
7	8	9	10	11

Contact:

Alex Moise Ph.D. Chair, Northern Ontario School of Medicine University, amoise@nosm.ca

Laszlo Nagy, M.D., Ph.D Co-chair, Johns Hopkins University School of Medicine, lnagy@jhmi.edu

Philippe Diaz, PhD Co-chair University of Montana, philippe.diaz@mso.umt.edu

Full members: The American Physiological Society • American Society for Biochemistry and Molecular Biology • American Society for Pharmacology and Experimental Therapeutics • American Society for Investigative Pathology • The American Association of Immunologists • American Association for Anatomy • Society for Developmental Biology • Association of Biomolecular Resource Facilities • The American Society for Bone and Mineral Research • American Society for Clinical Investigation • Society for the Study of Reproduction • The Endocrine Society • American College of Sports Medicine • Genetics Society of America • The Histochemical Society • Society for Glycobiology • Association for Molecular Pathology • Society for Redox Biology and Medicine • Society For Experimental Biology and Medicine • American Aging Association • Society of Toxicology • Society for Leukocyte Biology • American Federation for Medical Research • Environmental Mutagenesis and Genomics Society • Shock Society • **Associate members:** The American Society of Human Genetics • The Society for Birth Defects Research & Prevention • American Society for Nutrition
